

PRODUCT ROADMAP

2019 | Q2

B1
iPAYMENT

Our vision is to **inspire companies** to achieve **sustainable growth** and a **competitive advantage**, now and in the future.

Disclaimer

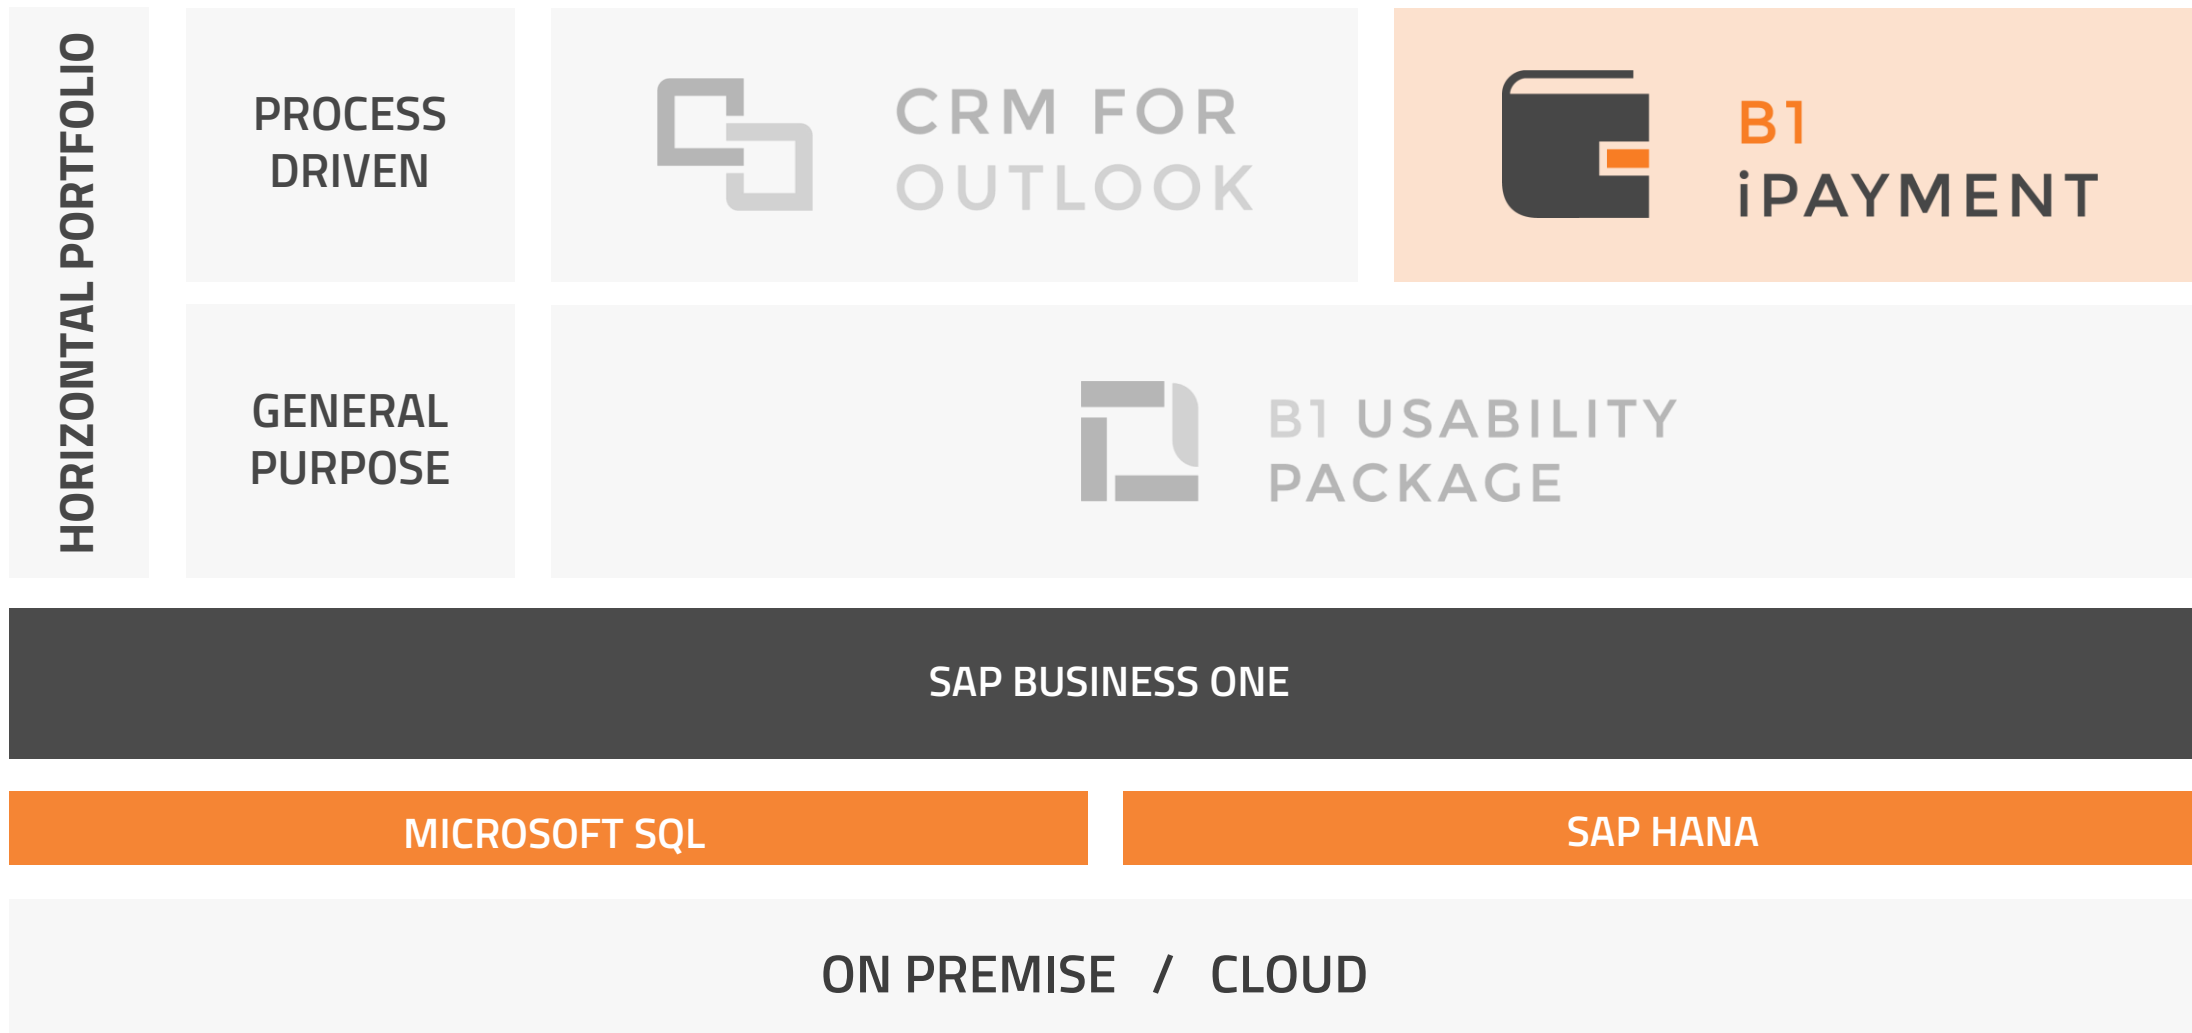

The following information is being shared in order to outline some of our current product plans, but like everything else in life, even the best-laid plans can be put to rest.

We are hopeful that the following can shed some light on our roadmap, but it is important to understand that it is being shared for **informative purposes only**, and not as a binding commitment.

Please do not rely on this information to make purchasing decisions because, ultimately, the development, release, and timing of any products, features or functionalities remain at the sole discretion of Boyum IT Solutions and is subject to change.

Product **Summary**

B1 iPayment enables handling electronic payments directly from SAP Business One, integrating it with the **most prestigious** payment gateways worldwide.

PRODUCT VISION

Provide peace of mind and improved productivity by processing fast, secure and automated electronic payments

About the Roadmap

The purpose of the **roadmap** is to communicate the direction and planned activities to add more value to **B1 iPayment** determined by Boyum IT Solutions. This product roadmap describes planned innovation and the future direction based on our perception of the business value.

Recent innovations

Where is B1 iPayment today?

Planned innovations

New features planned for release

Future direction

A proposal for growth throughout the product lifecycle

Product Development **Mindset**

Quality First

Why? To keep partners and customers confident by using a reliable and robust solution.

How? Fixing product bugs, working on stability, increasing automated test coverage, investing every day and every step on quality control.

User Experience

Why? To allow users to have a pleasant experience while completing their tasks easily and efficiently.

How? Improving languages and error messages, reviewing usability by reducing the number of clicks and making screen access more intuitive.

Your Voice Matters

Why? To improve our solutions based on real-life needs from SAP Business One partners and customers worldwide.

How? Sharing ideas with our partners, collecting information on common needs from our partners and customers, involving partners in the roadmap.

★ Popular community requests

Planned **Innovations**

Product Development Mindset

Quality First

User Experience

Your Voice Matters ★

★ Popular community requests

Future **Direction**

SAP Business One Lifecycle

SAP Business One 10.0 Support

64-bit Server Component

SAP Integration Re-certification

Cloud & Web

B1 iPayment Online Services

Integrations

Additional Payment Methods

Future Direction

 Feature / Idea	 Description	 Value Hypothesis
SAP Business One 10.0 Support	Support for the upcoming SBO release.	Make B1 iPayment available for SAP Business One 10.0 early adopters.
64-bit Server Component	Replace the current 32-bit Server Component	Follow SAP guidelines in full compliance with 64-bit operating systems.
SAP Integration Re-certification	Renew the SAP Integration Certification	Ensure our partners and customers that the solution, as always, follows the strict integration standards demanded by SAP.
B1 iPayment Online Services	B1 iPayment Service as a loosely-coupled application, based on SAP HANA Service Layer.	Update the solution with SAP's cutting-edge technology, enabling SAP B1 Cloud customers to use B1 iPayment.
Additional Payment Methods	Support other payment methods besides credit cards.	Meet the needs of customers, business segments and markets for which credit cards are not the best alternative.

You deserve **the best** from us

We work hard to deliver the best software for you.

Our reward is the benefit you take from the innovations and enhancements we design to make your life better.

We only ask for one thing:

Keep your software up-to-date.

We don't launch updates every day, so enjoy the ride

1. Go to download.boyum-it.com
2. Select your solution of preference
3. Download and install the latest package available

Don't miss this chance! On top of new capabilities, updates contain essential changes to improve the performance, stability, and security of our solutions.
