Industry

Wholesale & Distribution

Solutions

SAP Business One & Produmex
 WMS Add-On

Lampenlicht is a company that sells lights, lamps and bulbs online and offline, for the entire European continent, using 13 different websites in 11 languages and with around 3000 items in stock. They sell around 60,000 different combinations. They needed support for the multiple currencies and companies on their database system, as well as to assure they have the right stock at the right moment and all transactions are handled correctly.

Why choose SAP, Boyum and our add-on:

- SAP Business One is a scalable and very robust performing system
- The solution shows online availability
- Produmex WMS allows them to have accurate information about the inventory and supports fast picking and packing

Which benefits have you achieved after the implementation:

- The solid, robust system allows their continuous and fast growth with very open and direct support
- They were able to save over 40% of their time and efforts
- Produmex WMS supports their daily activities in the warehouse
- Their Produmex WMS ROI was achieved in less than 4 months
- They have all their processes in place

"We keep using SAP Business One as a backbone system and Produmex WMS to support our day-to-day processes in the warehouse. (...) We have all our systems and processes in place."

Bas Lemmers, CEO, Lampenlicht
