SAP Business One & Beas Manufacturing

Ovillos y Conos is a Mexican company, located in the State of México, that just celebrated its 50th birthday in 2018 and offers specialized textile solutions for global industry through innovation, high standards and top-notch service.

Before: Challenges and Opportunities

- The challenge of transforming Ovillos y Conos' manufacturing system into a state-of-the-art operation.
- Intense business and demands by mostly international corporate clients forced us to rely on a more robust system

Why SAP and beas Manufacturing

"SAP is the most prestigious ERP; the chance to be in the market with such a top-notch product in the Business One version was an opportunity we couldn't let pass us by. Beas as an add-on for monitoring production makes the tool complete and much more powerful."

After: Value-Driven Results

- Improved real-time data, allowing for speedier and more reliable decision-making.
- Improved planning capacity, in line with our company's strategic objectives
- Integration of all key operations into one single environment favors cost reduction and makes us more productive, efficient and disciplined.

"SAP Business One and Beas Manufacturing have propelled us to business excellence."
