SAP Business One®, Beas Manufacturing

Giving **extremely convincing answers** to clients with SAP Business One® and Beas Manufacturing

CIMA is part of the Belfin group is Designer and Manufacturer of Products for the Industrial, Automotive and Appliances markets. The structure is composed with 7 production plants all over the world. The big corporations clients, like Volkswagen, Bosch and Miele keep the products under continuous review in terms of both process and service quality, and thanks to an integrated system of this kind they have a number of extremely convincing answers at hand regarding what is practically the potential of our group.

Before: Challenges and Opportunities

- Unify a whole series of diversities of the different warehouses all over the world in one system.
- Easy common system with new production plant in Slovakia.
- Interested in growth and to keep up with the times.

Why SAP and Beas Manufacturing

- Certification towards customers, SAP Business One is a solution that guarantees quality and reliability.
- VAR-ONE ware experience with SAP Business One in Europe.
- SAP Business One gives much more solid assurances of the group potentiality.
- Integration with Beas Manufacturing

After: Value-Driven Results

- Traceability of products and semi-finished products.
- Reduction of warehousing costs and optimizing the procurement through the use of Beas manufacturing.
- Easier communication with our warehouse all over the world.

“To be able to introduce oneself with an integrated system such as SAP Business One and an MRP system such as Beas, has clearly been an important calling card.”

Sergio Bellazzi. President of Belfin Group. Busnago. Italy..
