FEATURED PARTNER

ABIA CZ Services, s.r.o.

MPL TRADING spol. s.r.o. is located in Zlín, Czechia. The company is a trading company focused on the sale of building materials, specializing in dry construction, facades, and interiors. Their customers are companies, specialists, experts in the field of construction production, and end customers as well. Part of the services for their customers is the provision of certifications in cooperation with manufacturers.

Customer Challenges

- They were not able to do any customizations and set ups on their own, it was too complicated.
- The ERP environment was not user friendly.
- They had to use a lot of paper for all customer documents and invoices.
- The SAP mailer did not meet the requirements for MPL.
- The business and operations were delayed.

Solution

- Send documents to customers automatically including attachments.
- Bulk scheduling sending function - Universal functions.
- Validation system.
- User friendly, easy-to-understand documentation and its own dynamic syntax.

Results

- The company saves more money (no paper and no additional customizations made by ERP partner).
- Making customizations on their own.
- Happier customers thanks to more transparent invoicing and issuing documents.
- All employees can work and navigate in the Boyum environment easily.

"THANKS TO BOYUM WE MANAGE TO SEND MORE DOCUMENTS ELECTRONICALLY, WHICH RESULTS IN A SIGNIFICANT ACCELERATION OF PROCESSES"

Tomáš Stračinský/ IT Manager
