B1 Usability Package

FEATURED PARTNER

MTC Information Technology

China is the second largest market for bakery products in the world . Qingdao Fugang Industry And Trade is one China's bakery product manufacturing and wholesale companies. They also operate more than 200 bakery shops in the Shandong Province.

Customer Challenges

- Their process wasn't optimized for their supply chain
- Limited control on business processes, which decreased their employee efficiency and resulted in data entry errors
- Inconsistent data which resulted in pricy rework

Solution

- B1 Usability Package is a flexible solution that could be configured to their specific needs
- Business and approval processes were added
- Fast ad-hoc customization

Results

- IT staff can quickly realize the original development needs
- Improved business operation processes by better managing documents and approval processes

"EMPLOYEE EFFICIENCY INCREASED BY 70% AND ACCURACY IS NOW OVER 95%."

Guo Hong, General Manager, Qingdao Fugang Industry And Trade
