FEATURED PARTNER

ERT Integration

An **advance solution** and a competitive advantage for Guilbert Express with SAP Business One and Beas Manufacturing

A leading French brand with global recognition for the quality, performance and safety of its products, Guilbert Express has forged its success on a culture of innovation with its slogan "always one solution ahead". As part of a redesign of its IT system in 2009, the company chose SAP Business One and Beas Manufacturing to support its international development and ensure technological sustainability.

Customer Challenges

- Renew the IT system in support of a global and integrated solution hosting all business processes
- Strengthen the fluidity and sharing of information between businesses
- Consideration of specific needs (EDI, logistics management and Kanban)

Solution

- Choice of an international software publisher to ensure technological sustainability
- ERT Integration's ability to understand the needs of Guilbert Express and to provide responses adapted to the challenges.
- Industrial expertise and in-depth knowledge of the subject by the ERT Integration teams

Results

- Interoperability and full supervision of the activity
- Management of all processes
- Optimization of production management
- Fluidity and information sharing
- Ease of use

"WITH SAP BUSINESS ONE AND BEAS, ENRICHED BY ERT INTEGRATION THROUGH SPECIFIC BUSINESS SETTINGS, WE HAVE AN INTEGRATED TOOL ABLE TO MANAGE ALL OF OUR PROCESSES FOR EVEN MORE PERFORMANCE."

Philippe Guilbert, Managing Director, Guilbert Express
