

Boyum add-on(s): B1UP, CRM for Outlook, B1 Print & Delivery, Time Task, B1 Budget

Reasons for choosing Boyum:

There are many reasons for why Inigo choose to use Boyum add-ons. The modules are affordable, intuitive as well as user-friendly for any size business and ensures high return of investment for the users. Additionally Boyum IT is a wonderful SAP Certified software provider.

Functionality covered with Boyum add-ons and not through standard SAP Business One:

- ✓ Perfect and easy system **customization** with efficient implementation
 - ✓ **Great User Interface** (UI) and documentation
 - ✓ Simple **pricing methodology** and fair eco system with partners worldwide
-

Key benefits:

- ✓ Quick return of investment
 - ✓ Enhanced user experience and productivity
 - ✓ The add-ons are for both end-users and management and increases the general satisfaction with SAP Business One
-

"Besides the great product, Boyum is a wonderful software provider. Try the Boyum add-ons and you won't be sorry. For any questions contact me".
